Certificate of Acceptance

Date: 05/June/2024

Dear Ahana Srinath Murthy, Dr. Dattatreya P. Mankame,

We are please to inform you that your **Original Article** having Paper ID: **SR24721004409** titled "**Genetic Algorithms - A Brief Study**" is considered for publication in **Volume 13 Issue 7, July 2024** of **International Journal of Science and Research (IJSR)**, Online **ISSN: 2319-7064**

This Acceptance Letter also certifies that above mentioned article has gone through Double Blind Review process and our Reviewers Panel has **Accepted** this article to be considered for publication.

Peer Review Report is attached with this Letter of Acceptance for your official records.

International Journal of Science and Research (IJSR) believes that our collaboration will help to accelerate the global knowledge creation and sharing one step further.

We wish you a successful future ahead.

If you have any queries or doubts please feel free to contact us at editor.ijsrnet@gmail.com

With Warm Regards,

Managing Editor, International Journal of Science and Research (IJSR)

Peer Review Report

Date of Review: 03/June/2024, Paper ID: SR24721004409

Paper Title: Genetic Algorithms - A Brief Study

Article Aspect	Observation
Article subject area of interest to journal's audience?	
Comment: The article called Genetic Algorithms - a Brief Study is really important for readers of the International Journal of Science and Research IJSR because it talks about a big topic that a lot of people are interested in.	
Article title appropriate and self explains the motive?	
Comment: The title you picked for the article Genetic Algorithms - a Brief Study, really helps show what the research is about and why its important. It makes things clear and easy to understand, and it helps make sure the article is spot-on and useful.	
Is the quality of the English language satisfactory?	
Comment: The article is written in clear and simple English. Its easy to read and understand. We didnt find any big grammar mistakes.	
Abstract accurately reflects the content summary?	
Comment: The summary does a good job of giving us a quick idea of what the article is about, including the topic, background, and what it aims to achieve.	
Is the list of Keywords provided?	
Comment: The provision of a keyword list by the author substantially boosts the overall quality and usability of the content. By equipping readers with a concise and explicit compilation of keywords, the article facilitates rapid comprehension of the main topics and themes addressed.	
The purpose of the article is stated clearly?	
Comment: The purpose of the article is evident, allowing readers to grasp its objective and actively participate.	
The significance of the article explicitly stated?	
Comment: Through effective communication, the article conveys the significance of the research, engages readers, and enhances its credibility.	
Are the research study methods sound and appropriate?	
Comment: The research methods outlined in the article are characterized by their careful design and implementation, demonstrating a comprehensive grasp of the subject matter. The methodology presents a thorough explanation of the procedures and tools utilized, ensuring the credibility and dependability of the research. The explicit mention of ethical considerations indicates the adherence to appropriate protocols. All in all, the research methods employed appear sound and fitting.	
Is the writing clear and concise?	
Comment: The article are characterized by clear, concise, and effective writing. They deliver information in a straightforward manner, with well-structured sentences and limited use of technical terminology. Although some simplification could make them more accessible, they generally offer a favorable reading experience.	
Are the Citations done throughout the article content?	
Comment: The credibility, reliability, and impact of the article are enhanced by its extensive incorporation of citations, which enables readers to verify sources and gain a deeper understanding.	
List of References Provided at the End of the Article?	
Comment: The articles end showcases a comprehensive reference list, empowering readers to validate information and embark on additional research, thereby strengthening credibility.	
Is the Conclusion or Summary accurate and well supported by the content?	
Comment: By effectively synthesizing the content, the authors conclusion in the article is accurate, well-supported, and coherent.	

Reviewer Decision:

Ready to Publish, No Significant Alterations Suggested.

Regards,

Editorial Team, International Journal of Science and Research (IJSR)
